Policy Statement

Stoke Park Infant School will undertake to ensure compliance with the relevant legislation with regard to the provision of first aid for all employees and to ensure best practice by extending the arrangements as far as is reasonably practicable to children and others who may also be affected by our activities.

Responsibility for first aid at Stoke Park Infant is held by the Headteacher who is the responsible manager.

All first aid provision is arranged and managed in accordance with the Children's Services Safety Guidance Procedure SGP 08-07(First Aid).

All staff have a statutory obligation to follow and co-operate with the requirements of this policy.

Aims & Objectives

Our first aid policy requirements will be achieved by:

- Carrying out a First Aid Needs Assessment to determine the first aid provision requirements for our premises
 - It is our policy to ensure that the First Aid Needs Assessment will be reviewed periodically or following any significant changes that may affect first aid provision
 - The Children's Services First Aid Needs Assessment Form (CSAF-002) will be used to produce the First Aid Needs Assessment for our site
- Ensuring that there are a sufficient number of trained first aiders on duty and available for the numbers and risks on the premises in accordance with the First Aid Needs Assessment
- Ensuring that there are suitable and sufficient facilities and equipment available to administer first aid in accordance with the First Aid Needs Assessment
- Ensuring the above provisions are clear and shared with all who may require them

First Aid Training

The responsible manager will ensure that appropriate numbers of qualified first aiders and appointed persons are appointed as identified by the completion of the First Aid Needs Assessment and that they have the appropriate level of training to meet their statutory obligations.

First Aid Staff

At Stoke Park Infant School we have the following qualified first aiders:

Kerry Andrews
Leanne Scott
Francesca Browne
Veronika Hewlett
Karen Read
Sara Mangan
Nikki Thompson
Jen Foran
Charlotte Lewis

They will be responsible for administering first aid, in accordance with their training, to those that become injured or fall ill whilst at work or on the premises.

The qualified first aider is someone who has been trained and holds a First Aid At Work certificate gained from an approved course.

Paediatric First Aid

Annette Rowland
Marianne Harrison
Liz Cossey
Sharon Warner

First Aid Provision

Our First Aid Needs Assessment has identified the following first aid kit requirements:

- 15 first aid kits and 5 travel first aid kits on the premises
 - These first aid kits will be situated at Cosy Corner (first aid room), each classroom, hall, The Lodge, Disabled toilet, S and L unit

It is the responsibility of the qualified first aider to check the contents of all first aid kits every term and record findings on the Children's Services First Aid Kit Checklist (CSAF-003). Completed checklists are to be stored in the filing cabinet in Cosy Corner.

The contents of first aid kits are listed under the '*required quantity*' column on the checklist itself.

'Cosy corner' is designated as the first aid room for treatment, sickness and the administering of first aid. The first aid room will have the following facilities:

- Bean bags, running water, first aid kit, telephone, chairs, fan

|-------------------------------|--|
| Emergency Arrangements | |
|-------------------------------|--|

Upon being summoned in the event of an accident, the first aider is to take charge of the first aid administration/emergency treatment commensurate with their training. Following their assessment of the injured person, they are to administer appropriate first aid and make a balanced judgement as to whether there is a requirement to call an ambulance.

The first aider is to always call an ambulance on the following occasions:

- In the event of a serious injury
- In the event of any significant head injury
- In the event of a period of unconsciousness
- Whenever there is the possibility of a fracture or where this is suspected
- Whenever the first aider is unsure of the severity of the injuries
- Whenever the first aider is unsure of the correct treatment

In the event of an accident involving a child, where appropriate, it is our policy to always notify parents of their child's accident if it:

- is considered to be a serious (or more than minor) injury
- requires first aid treatment
- requires attendance at hospital
- any bump to the head a letter sent home regardless how minor

Our procedure for notifying parents will be to use all telephone numbers available to contact them and leave a message should the parents not be contactable.

In the event that parents can not be contacted and a message has been left, our policy will be to continue to attempt to make contact with the parents every hour. In the interim, we will ensure that the qualified first aider, appointed person or another member of staff remains with the child until the parents can be contacted and arrive (as required).

In the event that the child requires hospital treatment and the parents can not be contacted prior to attendance, the qualified first aider/appointed person/another member of staff will accompany the child to hospital and remain with them until the parents can be contacted and arrive at the hospital.

| | |
|----------------|--|
| Records | |
|----------------|--|

All accidents requiring first aid treatment are to be recorded with (at least) the following information:

- Name of injured person
- Name of the qualified first aider/appointed person
- Date of the accident
- Type of accident (eg. bump on head etc)
- Treatment provided and action taken
- An 'ouch' slip to be sent home with the child to show treatment given for any injury
- Parents to be contacted in the event of a big head bump or more serious injury

Any more serious incident/accident resulting in hospital treatment **MUST** be recorded on the Hampshire Health and Safety returns and an incident log completed.
