22nd July

Last Day of Term—Finish At 1.15pm

### INSET DAYS 2024/2025

Friday 11th July

### INSET DAYS 2025 /2026

Friday 26th September

Monday 3rd November

Friday 13th February

Monday 15th June

Friday 3rd July

# Headteacher

I am sure all our thoughts are with the families of the young students and the driver on the bus yesterday – so many of our community all pulled together to support them. We had a pre-school on our site as they were visiting the woods and due to road closures their bus could not get through so they were unable to get back. Our amazing kitchen team set to and cooked them all lunch and the children enjoyed being in our school. My thanks goes to everyone who supported yesterday both in our school and the wider community.

**Transition** - Our children have all taken part in a number of transition activities and all know their teachers for next year. On 8th July we will have our transition morning and the children will have a whole morning in their new classes for next year. At the end of the school day we are inviting our new Y1 and Y2 children (current YR and Y1) to 'Meet the Teacher'. This will be straight after school and it

is an opportunity for you and your child to meet their new teacher, see the classroom and find out a bit about their class ready for next year.

**Sports Morning** - We are looking forward to our Sports Morning on Friday 4th July. Each year group will be attending at different times throughout the morning. The children can wear their sports kit to school that day.

Timings for Sports are as follows—

**Year R**—9.30am—10.00am— Please enter through Bodmin Road gates

**Year 1**—10.20am—10.50am— Please enter through Abbotsbury Road gates

**Year 2**—11.10am—11.40am— Please enter through Bodmin Road gates

**Car Engines** – We have had some requests from residents in Cambourne Close asking that parents/carers turn off their engines when parking to collect or drop off children. Whilst we appreciate that air con is great at keeping the car cool when engines are left idling for a longer period of time, 10 minutes plus, it generates unpleasant fumes for the residents living there. It would help the planet too if en-

**Colour Run**—We are so excited for our Colour Run on **Friday 18th July** at 3.30pm

To join complete the online booking and T-shirt order form here before **Friday 10th**: [www.spiaeevents.co.uk/book-online](http://www.spiaeevents.co.uk/book-online)

**Frozen Friday**—We will be selling ice-creams on the playground after school tonight.

This week in Year R, we have been super busy!

In English, we have been exploring the text driver 'All Sorts of Fish'. The children enjoyed finding out facts about the different sea creatures, writing about them, remembering to apply the sounds and tricky words that they have been taught. In Art, they also selected various textures and colours of tissue paper to collage a starfish!

In maths, they have been applying their knowledge of numbers beyond 20. They have worked hard to build numbers using Numicon and beadstrings. They have also solved the problem of the week to find the missing numerals on the snake!

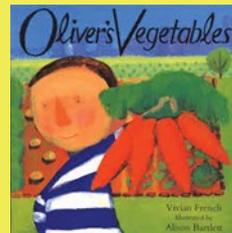

Please continue to listen to your child read at least 4 times a week and tick their reading diary.

Thank you for your continued support.

In Year 1 this week...

The children have been very busy bees writing letters in the role of Oliver from our text driver 'Oliver's vegetables'. They wrote to Oliver's mum telling her about all the vegetables they discovered over the week. They focussed on spelling the days of the week correctly as well as adding adjectives such as; On Monday I found some of the tastiest, orange carrots I have ever seen and then we ate them for our tea!

We have been using our knowledge of number bonds to 10 and 20 to solve addition and subtraction problems. The children had the opportunity to use a variety of resources to help them answer the questions.

Our P.E lessons have been filled with excitement when learning the skills needed for hockey and basketball. We have definitely got some future pro players amongst us!

We are delighted to invite you to our **Year 1 End of Year Celebration on Thursday 17th July at 2:30 PM.**

Join us for a special afternoon that includes:

- \* **A Book Look** in the classrooms, where you can see the wonderful work your children have done this year.
- \* **A Sing-Along** in front of the library (weather permitting), where the children will share some of their favourite songs.

Please arrive via the Abbotsbury Road gate.

We hope you can join us to celebrate a fantastic year of learning and fun!

The Year 1 team

## Year 2

The children have worked so hard on their retells of 'The Lion Inside'. It was amazing to read such structured stories with clear beginning, middle and ends and such fantastic vocabulary choices.

In maths we have had a busy week looking at measure and shape. We recalled some simple conversions of standard units and solved problems involving length, height, mass and capacity. In shape we have been thinking about which 2D shapes make 3D shapes.

In Geography we have been thinking back to our learning in September all about rivers. We have been learning where rivers start and having a go at plotting the river Itchen on a map. We have also been discovering where all rivers end up and learning about the seas surrounding the UK.

We have had a really successful afternoon at the Junior School, we enjoyed finding out and meeting our new teachers and seeing some classrooms. We made bags with magic beans and wishes in, had a game of quidditch and got sorted into our houses.
